

## LIDWALA QUALITY POLICY

Lidwala Consulting Engineers (SA) (Pty) Ltd is a vibrant consulting engineering firm offering services in engineering (civil and structural, highway and transportation); project management; environmental planning and scientific services with emphasis on geographical information systems (GIS).

We have the expertise to provide our clients with quality specialised infrastructure solutions that meet their specific contractual and statutory requirements.

To best serve the needs of each individual client, we are totally committed to producing quality infrastructure solutions that are value-based, environmentally sustainable, delivered with excellence whilst ensuring long-lasting stakeholder relationship.

Lidwala operates a fully documented and integrated Quality Management System that conforms to the requirements of ISO 9001, ensuring that we provide and maintain consistent quality in all work we undertake. The Quality Management System ensures that proper communication, appropriate controls and accountable records are in place for all work undertaken.

All employees of Lidwala are measured and kept accountable towards working in accordance with the Quality Management System, which has been established and adopted as the means for achieving our declared objectives.

The Company recognises quality as a key corporate responsibility and the Directors and Senior Managers are committed to ensuring that at all levels within the organisation, its operations and activities are managed in accordance with the system, in order to provide our customers with the best possible service. The Top Management is responsible for the implementation and maintenance of the Quality Management System and the continual improvement of the effectiveness in accordance with the requirements of ISO 9001.
